

2400C CHOP SAW

CHOP CANTS DOWN TO SIZE

The Pendu 2400C Chop Saw quickly cuts cants to almost any size you need! Powered by a 30 HP electric motor, the 28" saw blade cleanly cuts through cants up to 9" high and 12" wide. Cants can be precision cut as short as 24" or up to your desired length. The 2400C is built on a heavy duty tubular steel frame for maximum durability.

Call us today to find out how the 2400C can speed up your production line!
