

HEAVY DUTY GANG SAW

RIP THROUGH BOARDS AND CANTS

The Pendu Heavy Duty Gang Saw is our heaviest gang saw yet. Built for both durability and efficiency, the Heavy Duty Gang Saw rips through boards and cants with ease! It has a cutting capacity of 6" high and 12" wide. A 125 HP top arbor motor and 150 HP bottom arbor motor help to achieve feed rates of up to 200 FPM. Pendu's innovative feed system features 27 powered rolls (17 bottom, 10 top). Pendu has used a unique hardening and chroming process to develop the strongest and most durable rolls in the industry. The Heavy Duty Gang Saw is constructed with a 1 1/4" thick steel box frame.
